COMMANDER™

By popular demand— a reconfigured mix of decks!

The newest Commander release has been wildly popular with **Magic™** players, with one of the five decks in particular getting a lot of attention from both Commander fans and players of Eternal formats.

We've heard the feedback from players, stores, and distributors and want to make the sought-after Mind Seize deck easier for **Magic** players to pick up and try out.

- Now when you order a carton of five Commander decks it will contain **two** *Mind Seize* decks along with an assortment of three other decks from the release (Eternal Bargain, Nature of the Beast, Power Hungry, or Evasive Maneuvers).

You may still order cartons that contain one of each of the five different decks by ordering using product code A35820000.

Order *Magic: The Gathering—Commander™* today!
